Get the best deal on the item you want

For over 30 years Union Shopper has been helping members save money on the electrical and white goods.

Getting a good price with Union Shopper is the easy part, but deciding exactly which item you want to buy is sometimes much trickier!

One tip to help determine what product to buy is to check manufacturers' websites for extra incentives like cashback offers, bonuses via redemption or the chance to enter competitions.

These are often short term offers that are available to specific product purchases, regardless of which retailer they are bought from.

Researching these types of deals often help members make their decisions about which products to purchase.

Union Shopper can source a vast majority of brands and products, so whatever the item it always pays to contact us before parting with any money.

Promotions from manufacturers are a great incentive and combined with the savings Union Shopper can provide members can often do very well out of just one purchase.

To be part of the savings or to find out more information please visit www.unionshopper.com.au or call us on 1300 368 117.

Researching from home can help save you both time and money.

Union Shopper activity

Union Shopper has been working with various affiliated unions to help promote this fantastic member's benefit. Some recent highlights have been the Australian Services Union's "Day of Action" held early June. Marketing and Business Development Manager, Andrew Tait was overwhelmed with the thousands of members that attended in the early morning at Town Hall, Sydney.

The Training Officer from the United Services Union has always invited Union Shopper to Delegate's Training which is excellent as we firmly believe that delegates automatically become "brand ambassadors" for Union Shopper, as they help to spread the word on the amazing discounts and specials available to members. From all the team we want to say a big thank you to all the delegates!

The Public Service Association has always been a proud supporter of Union Shopper. From BBQ days at Ashfield to attending inductions at Parramatta, Union Shopper's Marketing and Communications Officer (Union Relationship) for NSW, Emerson Palma, has been travelling around Sydney at union events, providing information, lucky door prizes and the opportunity to discuss all the specials and exciting discounts available to affiliated union members.

For all unions that are affiliated and have not yet invited Union Shopper to all sorts of union events/activities – we urge you to contact Emerson Palma on 0408 399 729 or email: emerson@unionshopper.com.au and make a booking. And always remember to challenge Union Shopper to find you a better deal.

So call 1800 505 250 now and quote code MCAK10. You won't be disappointed.
