Itching to get your feet wet? To have the sand between your toes and the wind in your hair?

The Great Barrier Reef International Marine College (IMC) is Australia's newest marine training facility right on the doorstep to the Great Barrier Reef and its warm tropical waters in Cairns, Australia.

The College is one of the best equipped marine training centres in the southern hemisphere, comprising of a Full Mission Bridge Simulator and an immersion pool, as well as the required facilities for Helicopter Underwater Escape Training (HUET).

The College caters for local, national and international students looking to start or enhance their career in the marine industry. Accommodation packages can be arranged on application.

Marine training providers, including TAFE, will deliver more than 30 training programs and qualifications with courses ranging from deckhand, marine radio, forklift and dogman's ticket to advanced skipper and engineering.

The modern cutting edge facilities are also available to industry operators for higher level qualifications, for research and development and general meeting space.

The ever increasing list of accredited courses offered includes:

- Coxswains – Certificate II in Transport & Distribution (Coastal Maritime Operations – Coxswain)
- Master 5 – Certificate III in Transport & Distribution (Coastal Maritime Operations – Master 5)
- Master 4 – Certificate IV in Transport & Distribution (Coastal Maritime Operations – Master 4)
- Electronic Chart Display Information System (ECDIS)
